

We know what
the term
VMS
means

But what the term
Triple
CNT VMS
does mean
???

It means a new
invention in
VMS
fields

It means a new
generation of
VMS
technology

It means a new thought
of
uses of
VMS

It means
unconventional
untraditional
VMS
styles

It means
more easily
more actively
more facility
VMS

It means
multi-functions
System(s)

It means
accurately
 $3 * 3$
of 3 compound
phrases

Complementary,
National,
Technological

Communication,
Navigation,
Tracking,

Computerized,
Navy,
Transmission

Vessel,
Monitoring,
System

So
Triple CNT VMS
Means all these and
more

It is not just
a device ,
or a program
of navigation,
or tracking

But it is really
all in one
or the reality
of a dream .

Fleet Management System

Fleet management system is characterized by the fleet that covers all the requirements of the institution and ensure that it achieve a set of goals that revolve around the reduction of transport costs, and optimal use of the resources of the fleet, as well as the integration of fleet management system, system management workshops, warehouses, and distribution system products.

Reports

The screenshot shows a 'Trip Report' application window. At the top, it displays the date '25/08/2003', time '06:45:41', and a total distance of '4,000,585'. The main title is 'تقرير عام عن خط سير المركبة'. Below this is a table with columns: Street Name, District, Entry Speed (Km/Hr), Date / Entry Time, and Distance From Start (Km). A 'Reporter' dialog box is open in the center, offering options: Normal Report (selected), Speed Limit Report, Distance Limit Report, District Limit Report, and NO of Stops Report. The background of the application window shows a list of street names and their corresponding districts and distances.

Street Name	District	Entry Speed (Km/Hr)	Date / Entry Time	Distance From Start (Km)
شارع جامعة المارك السعيدة	المنجزة	21	25/08/2003 06:45:49م	0.75
شارع ٢٦ بواب	المنجزة	36	25/08/2003 06:47:06م	1.512
كورني ١٥ مايو				10م 1.559
شارع المنجزة				20م 2.236
شارع ٢٦ بواب				27م 2.274
شارع المنصور محمد				45م 2.48
شارع صلاح الدين				55م 2.567
شارع الكائن محمد				37م 2.844

شارع حمزة				56م 12.578
شارع ميمى المتكبرين - القوس سابقا				24م 13.055
كورني ٦ أكتوبر				30م 13.148
حارة نور الدين	المنجزة	78	25/08/2003 09:25:54م	13.588

Reports

The screenshot shows a 'Vehicles Report' application window. The main title is 'Vehicles Report'. Below the title is a table with columns: Vehicle_ID, Vehicle Plate Number, Vehicle Type Name, Color, Manufacture Date, Repair Date, Sector Name, and GPS Type. The table contains four rows of data. The background of the application window is a solid blue color.

Vehicle_ID	Vehicle Plate Number	Vehicle Type Name	Color	Manufacture Date	Repair Date	Sector Name	GPS Type
1001	129GH	Chivolet	white	9/2002	11/2/2009	Cairo	A32
1002	24FRLO	Toyota	Red	6/2004	11/2/2009	Cairo	X1
1003	1230SR	Nissan	red	7/2007	11/2/2009	Cairo	X23
1004	15893584	Toyota	Blue	11/2009	11/2/2009	Giza	X23
