

**GENERAL FISHERIES COMMISSION
FOR THE MEDITERRANEAN
COMMISSION GÉNÉRALE DES PÊCHES
POUR LA MÉDITERRANÉE**

**Workshop on elasmobranchs conservation in the Mediterranean and Black Sea
Sète, France, 10-12 December 2014**

Information Note

Meeting venue

Ifremer Institute

Address: Avenue Jean Monnet, 34200 Sète, France

Tel: +33 4 99 57 32 00

Websites: <http://wwz.ifremer.fr/mediterranee/implantations/Sete> and <http://www.en.ot-sete.fr/>

Contact: Francois.Poisson@ifremer.fr

Participants

This workshop is designed for:

- Experts from universities and national research institutes from the Mediterranean, Black Sea and other regions in the world, whose technical skills and direct involvement in elasmobranch-related matters is considered useful for the workshop;
- other stakeholders, including national Bodies, partner organizations, NGOs, etc.

Please note that the limited funds are available to **cover attendance expenses** of experts to the workshop. For such requests, GFCM national experts should contact the GFCM Secretariat (GFCM-Secretariat@fao.org) with the abstract of their contribution to the meeting and a brief CV.

Languages

The working language will be English.

Chair

The Workshop will be chaired by Mr François Poisson (Ifremer).

Objectives of the workshop and working methodology

This workshop is intended to be both informative and participative. On the basis of the topics outlined in the Agenda, sessions will range from presentations by participants of the findings of their research programmes on elasmobranchs, to discussions on potential technical measures to reverse elasmobranch population decline in the Mediterranean and Black Sea. Any scientific advice deriving from the discussions will subsequently be forwarded to the GFCM Scientific Advisory Committee (SAC) and reflected in the final meeting report.

Presentations should last 10 minutes maximum.
